Subject: RE: Follow up discussion surrounding the 2011 Bridge Inventory Summary

Hello everyone again,

This attached message just came in.

There is an invitation to a public meeting attached regarding the Whites Ferry Road bridges on February 26, 2013 at the Poolesville Elementary School.

We still need to provide the County Hearing Officer letters from agricultural organizations by next Wednesday February 20, 2013 for the public record.

Please let me know if you have any questions.

Thanks J

Jeremy V. Criss

Subject: Follow up discussion surrounding the 2011 Bridge Inventory Summary

Hello Everyone,

I am sending this message to the members of the following agricultural organizations:

The Agricultural Advisory Committee-AAC

The Montgomery County Farm Bureau Board of Directors-MCFB

The Montgomery Soil Conservation District-MSCD

The Montgomery County Agricultural Preservation Advisory Board.

David and John, there may be a few other members of your organizations that you need to forward this message to that are not listed above?

I am following up on the attached message that I sent to you surrounding the 2011 Bridge Inventory Summary and the process to request a waiver to exceed the weight restrictions on bridges.

Please review the string of messages that are attached to understand that the County Department of Transportation is requesting additional input from the agricultural community on the proposed schedule for replacing bridges in the Poolesville area.

The County DOT is willing to consider an annual waiver process to exceed the bridge weight restrictions under certain-short term conditions.

The County DOT wants to close Whites Ferry Road for 11 weeks during the summer of 2014 to replace two bridges that cross the Broad Run Tributary.

If Whites Ferry Road is not closed the project construction will take much longer and the DOT may not be able to issue annual waivers to cross the bridges.

The public record is still open until next Wednesday February 20, 2013.

We need to inform the County Hearing Officer and County DOT if the agricultural community is willing to accept Whites Ferry Road being closed for 11 weeks during the summer of 2014 to permit the replacement of the two bridges between Edwards Ferry Road and the Town of Poolesville. This would involve the same road closure and detour that was done in 1998 when the third bridge that crosses Broad Run Tributary was replaced.

I am asking each agricultural organization listed above to respond to message as follows:

All AAC members should respond back to me so I can draft a letter to the Hearing Officer on behalf of the AAC.

All MCFB members should respond back to Lonnie so he can draft a letter to the Hearing Officer on behalf of the MCFB.

All MSCD members should respond back to David Plummer so he can draft a letter to the Hearing Officer on behalf of the MSCD.

All APAB members should respond back to John Zawitoski so the can draft a letter to the Hearing Officer on behalf of the APAB.

Please let me know if you have any questions. Thanks J
